

The Wisconsin legislature will soon be debating a bill that would allow for the destruction of our state's waterfalls and rivers, and the wild rice of the Ojibwe people. Tyler's Fork, pictured below, may be sacrificed for the benefit of a Florida-based mining company.

Please join citizens of the Bad River Band of Lake Superior Chippewa for an evening of prayer, song and discussion about the legislation and the proposal to site an open pit taconite mine and processing facility in the Bad River Watershed.

Tuesday, January 8, 2013

7:00 – 8:30 pm

Congregation of the Great Spirit

1000 W. Lapham Boulevard

(southside Milwaukee at Lapham Boulevard and S. 10th Street)

This event is free and open to the public and press.
